

Accelerate deployment and adoption of Office 365

Business challenge

Migrating to Office 365 provides many benefits to business — but the transition from on-premise solutions to the cloud can be challenging for IT and end users. Without sufficient support and training, on-boarding and adoption can suffer, resulting in wasted technology investments and declined productivity for your business.

Insight is a Microsoft FastTrack Ready Partner helping clients move to Office 365 with confidence, quickly and securely.

Our solution

Take advantage of the benefits included in your Office 365 subscription. FastTrack is a combination of resources, engineering expertise and best practices designed to help make your journey to the cloud effective, efficient and secure. As a FastTrack Ready Partner, Insight can help you deploy Office 365 and Enterprise Mobility + Security (EMS) solutions and drive user adoption, including:

- Enabling secure, real-time collaboration and conversation with Microsoft Teams
- Deploying and servicing Office 365 ProPlus
- Securing solutions with EMS to protect users, devices, apps and data
- Bringing your team together with Yammer

FastTrack benefits

FastTrack offers access to end-user training, adoption templates and change management guides to help you plan for and drive change across your organization with a proven process that includes:

- Remote technical on-boarding guidance
- Combinations of best practices, self serve tools and wizards, online resources, documentation, and remote adoption workshops
- Email and data migration services for over 500+ seats

Interested in learning how Insight can deliver your FastTrack benefit and help you accelerate your move to Office 365? Please reach out to your Insight account team for more information.
