

# Adobe Creative Cloud for education

## Licensing for classrooms, labs, small workgroups, and departments.

Only Adobe brings together an essential and comprehensive set of integrated apps and services to further collaboration and creativity in education. Adobe Creative Cloud for education gives your students, faculty, and staff access to the latest industry-leading creative software for design, web, video, and photography—on the desktop and mobile devices—plus seamless ways to share and collaborate through access to online services.

With Creative Cloud for education, your school or university gets:

### Software that's always up to date

Licenses include updates to apps and services as soon as they're released, so you'll always have access to the latest creative tools and features.

### Flexible licensing options

You can license the complete set of creative apps or just a single one, with or without services.

### Collaboration that's built in

With an option to add online services, small workgroups and teams can collaborate and share with ease.\*

### Easy deployment and management

A web-based Admin Console makes it easy to purchase additional seats, add users, and manage software updates.

Now more than ever, the world needs creative ideas. The Adobe Education Exchange helps educators ignite creativity with professional development opportunities, learning resources, and peer-to-peer collaboration. And Adobe for Academics provides curriculum and project ideas to integrate Creative Cloud into your curriculum and course projects.

Find a licensing option that fits your needs:

Creative Cloud for education—  
named-user licensing

Small workgroups and departments

- Licenses for each individual user on their institutional computer with teacher and staff rights to install on two computers, one for work and one for home use
- Choice of All Apps or Single App options
- Online services and storage included
- Supports BYOD use

Creative Cloud for education—  
device licensing

Classrooms and labs

- Licenses for each computer, rather than each user, with rights to install on one computer per license
- Choice of All Apps or Single App options
- Online services and storage not included

\* Services require named-user licenses.
