

# IT Solutions for Local Councils

## Enabling efficiency, security, and productivity in local councils

Local Councils and other community-focused organisations need to show real cost savings while delivering improved front-line services; therefore, you need to be using the most up-to-date and cost-effective technology.

Insight has extensive experience in managing local council and state government licensing agreements. Our vertical-specific knowledge allows Insight to engage strategically with our partners and suppliers in order to provide you with the best possible technology solutions.

### How we help

#### Cloud Infrastructure

Transform your data centre and transition to the cloud in order to optimise cost and streamline your operations without compromising security.

#### Digital Workplace

Enable a hybrid work environment and drive productivity in your workforce to easily and efficiently collaborate anytime, anywhere.

#### Security and data protection

Strengthen the security posture and data resilience across your organisation's technology infrastructure with industry leading solutions.
