- Customised migration, implementation and administrative support

Insight helps you
manage business today
and transform the future.

How Microsoft 365 will help your business

Available in both Enterprise and Business editions, Microsoft® 365 combines Office 365®, Windows® 10 and Enterprise Mobility + Security into a single package. You get advanced security, compliance, analytics and collaboration tools to help your business run smarter.

- Differentiate your offerings with advanced enterprise services.
- Drive creativity, security and simplicity in your desktop management.
- Work seamlessly from anywhere, anytime and from any device.
- Gain peace of mind knowing your company data is secure.

Microsoft 365 Business

Designed for small to medium businesses with up to 300 users, it includes a centralised console for deploying and securing devices and users in one location.

Device management

Automatically deploy Office apps to Windows 10 PCs

Security

Protect Windows 10 devices against malware, viruses and spyware with Windows Defender

Microsoft 365 Enterprise

Designed for large organisations, it empowers employees to be creative and work together securely.
