BETTER TOGETHER

# Plantronics and Polycom bundle

A complete solution to enhance your communications experience

## Introduction

You can now purchase a Plantronics® Savi® 700 Series or CS500 Series headset, a Polycom® VVX® 311, 411 or 501 phone and a Plantronics APP-51 Electronic Hook Switch (EHS) cable—all from one reseller.

With this powerful combination, you'll get a truly professional-grade, integrated business telephone and wireless headset experience for any environment. The APP-51 EHS cable provides remote desk phone call control (answer/end/mute)—giving you the benefit of easy wireless connectivity and making roaming and multitasking simple.

Plantronics Savi®  
700 Series

Plantronics  
CS500 Series

Polycom® VVX® 311

Polycom® VVX® 411

Polycom® VVX® 501

## Step 1

### Select from one of the qualifying Plantronics headsets

#### Savi 700 Series

With multi-device connectivity, compatibility with all major UCC vendors (e.g., Microsoft and others) and up to 350 feet of wireless range, easily manage PC, mobile and desk phone calls with the most intelligent wireless headset system on the market.

- Manage your PC, desk phone and mobile calls up to 120 meters/350 feet from your desk
- Offers unlimited talk time with hot-swappable battery\*
- Conference in up to three additional headsets
- Keep calls and information safe and secure with the DECT security certification

\*Savi 740/745 only. Unlimited talk time kit with hot-swappable battery is included with Savi 745 and available as an accessory or Savi 740. Both versions come with three wearing styles.

#### CS500 Series

Go mobile and multitask up to 350 feet from your desk, with answer, end and mute controls at your fingertips. And no matter what your preference, with three wearing choices, there's one to match your personal style.

- DECT wireless headset system for desk phone communications
- Conference in up to three additional headsets for enhanced collaboration
- Keep calls and information safe and secure with the DECT security certification

## Step 2

### Select from one of the qualifying Polycom desk phones

#### Polycom VVX 311

Use a business media phone that is a powerful entry-level phone that delivers crystal-clear communications for today's cubicle workers who handle a low to moderate volume of calls.

- 6 lines or speed dials
- Polycom® HD Voice™ up to 7 kHz on all audio paths (speaker, handset, headset)
- 2 x GigE 10/100/1000 for high-performance network pass-through (VVX 310/311)

### **Polycom VVX 411**

Get a business media phone that is a mid-range phone with color consoles designed for today's office workers.

- 12 lines or speed dials
- 3.5" color TFT
- Polycom HD Voice up to 7 kHz on all audio paths (speaker, handset, headset) and Polycom® Acoustic Fence™
- 2x GigE 10/100/1000 for high-performance network pass-through

### **Polycom VVX 501**

Leverage a business media phone that delivers best-in-class desktop productivity and unified communications for busy professionals.

- 12 lines appearances or speed dials
- 3.5" color touchscreen
- Video playback and video conferencing via USB camera accessory
- Polycom HD Voice up to 14 kHz on all audio paths (speaker, handset, headset) and Polycom Acoustic Fence
- 2x GigE 10/100/1000 for high-performance network pass-through

## Step 3

### Add a Plantronics Electronic Hook Switch (EHS) cable

#### **APP-51 EHS cable**

Enables remote desk phone call control (answer/end/mute) with your Plantronics wireless headset systems and your Polycom VVX desk phone.
